Dear Parents,

Welcome to the 2018-2019 school year at Green Isle Community School! As we enter our 14th year as a public charter school, we are reminded of what an honor and privilege it is to serve the families of GICS. Thank you for entrusting your children to us. We look forward to working in partnership with you in the coming weeks and months. We recognize that you, as parents, are your child's first and most significant teachers. As school staff, we are pleased to have the opportunity to help your child gain new skills, both academically and socially, during the coming year. And we thank you for your on-going reinforcement of these skills at home. We are heading into an exciting year of growth as we are expanding and will be servicing children birth-5yrs old in our newly restructured Clover Kids Child Care Program!

GICS is a school that ensures growth and success for each learner and promotes courtesy and respect. We are proud to have created a safe and nurturing learning environment for the children of GICS, and we are committed to providing your child with opportunities for success. GICS is a place where individual differences are celebrated and appreciated and each child is valued as unique and special.

The success we have enjoyed thus far at GICS is due, in large part, to our commitment to the following behavior expectations:

- **Treat yourself, others and property with respect**
- **Work to the best of your ability**

And we look toward the 2018-2019 school year as an opportunity for continued commitment to these expectations as we reach even greater successes.

As school director, I look toward the new school year with eager anticipation for a very successful partnership with parents, students, staff, community members, and volunteers. Please know that the staff of GICS is strongly committed to continuous improvement as we teach and guide your child. Remember, if you have questions or concerns, we are only a phone call (or an email) away. We appreciate the opportunity to respond to you and we welcome your communications.

Sincerely,

Brandy Barrett  
Director

# Green Isle Community School Mission

GICS will foster a positive and respectful multi-age environment promoting educational excellence, service learning, community connections, and responsible citizenship.

## The Vision

The GICS vision is comprised of the following:

- K-6 education taught by licensed MN teachers who provided by a multi-age and multi-grade classroom setting.
- A project-based, service-learning opportunity to reinforce skills in a broader community and throughout the region.
- A positive school culture which is based on respect for self and others and a commitment to high expectations regarding interpersonal interactions, social relationships, and academic achievement is evident.
- Strong community connections where we strive to create active partnerships with families and those in our community.

## Purpose

This handbook provides information to you about certain terms and conditions of attending the school. GICS is a public school and is funded by the state of Minnesota on a per-pupil rate. Due to this fact, our school must adhere to several state and federal guidelines, which will ensure safety and fair treatment for all students in attendance.

While GICS will make every effort to keep your school handbook current, the information and policies described in this handbook may be changed in any way at any time at the sole discretion of the GICS Board of Directors and/or Administration. Your family is responsible to comply with current GICS policies at all times. These policies apply to all students at GICS.

## Notice of Criminal Background Check Policy

In accordance with MN Statute 123B.03 Green Isle Community School is required to inform parents and guardians of our employee and volunteer background checking policy annually.

GICS Policy 404 EMPLOYMENT BACKGROUND CHECKS was adopted in 2005 and last revised in 2012. The purpose of this policy is to maintain a safe and healthful environment at Green Isle Community School (GICS) in order to promote the physical, social, and psychological well-being of its students. To that end, the school will seek a criminal history background check for all staff, volunteers and parent volunteers who have direct contact with students.

Starting in 2014 GICS has been using The McDowell Agency, Inc for its background checks. In the past we have used the Minnesota Department of Public Safety; Bureau of Criminal Apprehension.

GICS is committed to providing a safe environment that student and staff feel comfortable in. We also have an extensive safety plan that covers such events as fire, tornado, evacuation, intruder and medical emergencies. The GICS Staff routinely update these plans to confirm that they are the most effective and informative plan. Regular drills are also performed with students and staff to ensure prompt and calm reactions.

# Attendance

If your child becomes ill or injured during the day, the school will contact you at one of the numbers you have provided on the **emergency card**. School Day: 8:30 a.m.—3:00 p.m.

Students are allowed in school at 8:15 a.m. Students arriving before 8:15 a.m. will be sent to Extended Day and will be billed accordingly. Any Student arriving after 8:35 a.m. must report to the front office **accompanied by a parent** to check in and sign up for lunch. We must ask that students arriving late **not** be dropped off outside the building. Any student needing to leave before the end of the school day is asked to bring a note to their classroom teacher at the start of the day. Parents arriving to pick p students really are required to enter the building to sign the checkout at the office before departure. We thank you for your cooperation in carrying out our building security plan.

## After—School Plans

If a student wished to go home with another student, plans **must** be made in **advance** and **both** students must **bring notes from home**. **We do not allow students to make phone calls during the day to arrange after school plans.** We ask that these arrangements be made in advance with parents to avoid any mid-day confusion and miscommunication. In the event that your child will be picked up by an adult other than a parent, please send a note with specific information. Our building security plan is focused on the safety of the children in our care and requires extra time for planning and communication. Thank you for your support.

## Contacting Teachers

Should you need to contact your student's teacher you are encouraged to call the school before 8:15 a.m. or within 30 minutes after school is dismissed. Parents are urged to make use of this opportunity if consultation with the teacher is necessary. Please check with your student's teacher to find the best method of communication. Please contact the office if you need to get a message to your student's teacher during school hours. Parents may also communicate with teachers via email as follows:

Firstname.lastname@greenislecommunityschool.org

If communicating via email, please keep in mind that emails are not routinely read throughout the course of the school day, So if a more immediate response is warranted, it would be best to call the school office and leave a message in the office. Teachers will check their voice mail at their convenience with may be after school.

## Emergency School Closing

Listen to or watch KARE 11, WCCO 4 or WCCO 830 radio for Green Isle Community School for late opening, early closing, or cancellation of school due to emergency conditions. We will also send out automated messages via JMC (email, text, or voice).

## Dress Code

Students are expected to be clean, neat and dressed appropriately for the school day. Clothes are expected to cover the student's body and undergarments (i.e. no bare midriffs, no exposes underwear, no spaghetti straps, no short skirts or shorts, pants must be worn at the appropriate waist level, no wheeled shoes, no caps or shocking hats, etc.). Articles of clothing or word / symbols on personal property that are inappropriate or cause disruption will not be allowed. Baseball caps and stocking hats are no permitted to be worn inside the school building unless and exception has been made.

- Tennis shoes are required for both Phy. Ed. And recess. Those who do not have tennis shoes will be asked to sit out.

- Outerwear coats and hats are not to be worn during the school day because of health and safety reasons. Sweaters and sweatshirts are recommended for use during the school day by students who may feel chilled.
- Parents, please cooperate in checking the clothing that your child wears to school. Labeling the clothing such as jackets and snow pants is also very helpful.

## Recess

All children should be dressed properly for the weather conditions of the day. If a student is to be excused from recess, he or she will need a note from the doctor stating specific days the student needs to stay in. Children stay inside on rainy days and those days that the temperature or wind chill is 0 or below. Children must have tennis shoes for recess.

**Outdoor Recess Attire:** Boots, scarves, jackets, mittens, snow pants, and other appropriate seasonal clothing is required. Please mark your child's outerwear with their name for identification purposes. All children are expected to go outside unless a doctor's note as stated above is provided.

## School Visitors

GISC welcomes visitors at any time during the school day! When arriving at the school, **we request that you check in at the office before entering the rest of the building**. This will allow our office personnel to be aware of your visit. You will be asked to sign in and wear a "visitor's badge." This is for the safety and protection of everyone in the school.

Signing in at the office is certainly not meant to discourage parents or community members from volunteering and/or visiting the school, but only to assist personnel in knowing who is in the building. We are very happy to have parents, grandparents, guardians, and community members visit the school. You can observe for yourself the educational process in which children are participating.

## Staffing Structure

The staff structure at GICS allows for teachers and paraprofessionals to work together to meet the needs of students. Support services staff, both certified and non-certified, also work with students in a variety of ways.

## Kindergarten Program

The Kindergarten program is an all-day every day program. Kindergarten students will follow the regular school calendar and participate in K-6 multi-age homerooms three days a week.

## Multi-Age Grouping

GICS groups students as follows:

Program for 3, 4 and 5 yr olds.....	Kerry
Kindergarten & 1st Grade.....	Monaghan
Grades 2-3.....	Limerick
Grades 4-6.....	McAlpine

These names are counties of Ireland and have been chosen because of the Irish connection to the Green Isle Community.

Monaghan, Limerick, and McAlpine students are assigned to multi-age core group classrooms. All GICS students are assigned to multi-age K-6 homerooms which meet three times a week.

## Homeroom

Multi-aged homeroom classes (K-6) work with teachers in such areas as community building, self-esteem, conflict management, current events, careers and the study of world cultures. Homeroom meets three days a week. This is a regular part of our curriculum and an important aspect of our family atmosphere at GICS. Siblings are assigned to the same homeroom unless other arrangements are discussed with the parent.

## Special Education/Inclusion

GICS practices "Inclusion" with all of its learners. Special needs students on official IEP's (Individual Learning Plans) are served primarily within the regular classroom. Teachers work collaboratively to devise teaching and learning strategies that meet the needs of these and all students within the regular classrooms.

## Clover Kids Program

We are pleased offer our Clover Kids Child Care Program to the community servicing birth-5yrs old. We will still continue to offer care for families needing before and after-school childcare for school age children as well. The program will run from 6:00 a.m- 6:00 p.m. Families will have the opportunity to sign up for different payment plans. In addition, on Staff Development, Early Dismissal days, families may sign up to have their children remain at school to participate in the program. Information is available to families wanting to learn more about this opportunity.

# Student Progress: Goals, Conferences, Progress Reports

Parents, the student, and teacher work together to develop each student's goals. Students are involved not only in the development of the plan, but also in the evaluation of progress made toward the goals identified. At fall and spring conferences, goals are established and/or reviewed. Student Progress Reports for all areas of the curriculum are issued three times per year.

## Behavior Expectations

GICS' behavior plan provides an environment that ensures growth and success for each learner and promotes courtesy and respect. GICS expects everyone to work to the best of their ability and to treat all people and property with respect. At GICS, we celebrate and appreciate our individual differences and expect the following behaviors:

- **Treat yourself, others and property with respect**
- **Work to the best of your ability**

## Building Behavior Plan

Students who choose inappropriate behavior are given a warning. If inappropriate behavior continues, or if a behavior is severe, students complete a Problem Solving Plan (PSP). There is a section of the plan to be **completed at home with parents** which asks the student to identify a prevention plan. These completed forms **must be returned to school the following school day or a phone call will be made to the parents**. The PSP provides parents, staff, and the students involved, the opportunity to work in partnership in bringing about positive behavior changes. Appendix A—Monaghan & Limerick PSP. Appendix B—Galway & Donegal PSP.

We believe in building respect and a sense of community at GICS. The Building Behavior Plan will be a strong contributing factor to the positive climate established at GICS. The reduction of negative behaviors is important to academic success.

## Bullying Policy

Green Isle Community School Policy 514 GICS 514, based on Independent Charter School District #4144 MSBA/MASA Model Policy 514. Adopted: 5/24/2005 Orig. 2003. Revised: 12/2017

### 514 BULLYING PROHIBITION POLICY

#### I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

## II. GENERAL STATEMENT OF POLICY

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying. Any staff member that witnesses bullying is required to intervene immediately.

C. All school employees who know or suspect bullying are required to make reasonable efforts to address and resolve the prohibited behavior.

D. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

E. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

F. False accusations or reports of bullying against another student are prohibited.

G. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:

1. The developmental and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

H. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy. A school official will notify the parents of

both the alleged bully and the target of the alleged bullying.

### III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A. “Bullying” means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student’s or students’ educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student that a reasonable person under the circumstances knows or should know has the effect of:

1. harming a student;
2. damaging a student’s property;
3. placing a student in reasonable fear of harm to his or her person or property; or
4. creating a hostile educational environment for a student.

B. “Immediately” means as soon as possible but in no event longer than 24 hours.

C. “On school district property or at school-related functions” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

### IV. REPORTING PROCEDURE

A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A student may report bullying anonymously. However, the school district’s ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

B. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well.

C. The building principal or the principal’s designee or the building supervisor is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the superintendent.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building principal immediately.

E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

F. Submission of a good faith complaint or report of bullying will not affect the complainant’s or report-

er's future employment, grades, or work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **V. SCHOOL DISTRICT ACTION**

A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.

C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.

D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

## **VI. REPRISAL**

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment.

## **VII. TRAINING AND EDUCATION**

A. The school district annually will provide information and any applicable training to school district staff regarding this policy.

B. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.

C. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.

D. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

## **VIII. NOTICE**

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

## Medication Guidelines

Medications (**prescription and non-prescription**) must be sent to school in the original container labeled with the student's name, prescription number, directions for administering, and the doctor's name. They must be accompanied by a **Medication Permission** form as well. To protect them, students are not allowed to bring aspirin or any other kind of medication to administer themselves.

## CVN (Community Volunteer Network)

The purpose of the Community Volunteer Network (CVN) is to provide a network of “Parents, Staff, and Community Members working together to create a sense of community that supports the students in their academic and social growth.” The goals of the CVN are: to support educational needs, recruit volunteers for classroom and opportunities for participation by local residents and promote the development of a school community. By developing the CVN, parents, staff, and community members will become more involved with GICS and enrich the education of our students.

## Board of Directors

As a charter school, we are governed by a seven-member board of directors comprised of parents, teachers, and community members. The board meets monthly in the cafeteria. The meetings are open to the public. Meeting dates and times are posted in the front hallway of the school. A roster of Board members can be found on page 2 of this handbook.

## COMPUTERS

### **Computer Network Access**

The use of the school computer network and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school network or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

### **Unacceptable Computer Network Uses**

The following uses of the school network and Internet resources or accounts are considered unacceptable:

1. Users will not use the school computers to access, review, upload, download, store, print, post, or distribute pornographic, obscene or sexually explicit material.

This disclosure may serve as a defense against an allegation the user has intentionally violated this policy. A user may also, in certain rare instances, access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher.

### **Acceptable Internet Use**

In making decisions regarding student access to the school's computer network and to the Internet, the school considers its own stated educational mission, goals and objective. Electronic information research skills are fundamental to preparation of citizens and future employees. Access to the computer system and to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school staff will blend thoughtful use of the school's computers and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

### **Internet Use Agreement**

1. The proper use of the Internet, and the educational value to be gained from proper internet use, is the joint responsibility of students, parents and employees of the school.

2. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.

The Internet Use Agreement form must be read and signed by the user and the parent or guardian before a student is able to participate in any computer class which would involve accessing the internet. The form must then be filed at the school office.

### **Limitation on School Liability**

Use of the school computers is at the user's own risk. The system is provided on an "as is, as available" basis. The school will not be responsible for any damage users may suffer, including, but not limited to, loss, damage or unavailability of data stored on school diskettes, tapes, hard drives or servers, or for loss, delays or changes in or interruptions of service or mis-deliveries or non-deliveries of information or materials, regardless of the cause. The school is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school computers. The school will not be responsible for financial obligations arising through unauthorized use of the school computers or the Internet.

# Homework Policy

## Our homework expectations:

Students may have daily homework along with weekly spelling lists. Students are also given regular class time to start and work on assignments. Effective use of that class time will reduce the homework load. A Student may also choose to do homework during all school quiet time and have no work to bring home.

- If an assignment is not understood, please write a note to the teacher on the assignment, or send an email.

Please note that a happy home is most important, if homework is ever overwhelming or is not challenging your child enough, please discuss this with their teacher.

## How parents can help students be successful:

- Check your child's backpack **daily**. Students should have their planner checked daily as well.
- Provide a suitable study area and the necessary tools (for example, paper and books) to complete the homework assignments.
- Allow time after school for both homework and family activities.
- Praise your child's efforts. If questions arise about the assignments, and your child asks for help, ask him or her questions or work through an example rather than simply providing the answer.
- Ask to look at school work once it has been marked and returned to your child.
